

CERTIFIED SDVOSB | SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS

CODEx ALLIANCE GROUP, LLC

Enterprise System Assurance, Database Architecture & Operational Automation

COMPANY OVERVIEW

Codex Alliance Group, LLC is a Texas-based software engineering and system assurance firm founded by U.S. Navy leadership and a 25-year high-reliability software executive. We transform sluggish, high-volume case management workflows and legacy databases into scalable, automated digital engines.

CORE COMPETENCIES

High-Assurance Systems Architecture

Secure, compliant database front ends and back ends for massive record volumes.

Workflow & Case Management Automation

Paper-heavy intake, complex guidelines, and compliance documentation made digital.

Software Quality Assurance & Stress Testing

Rigorous validation and automated testing to prevent operational failures at scale.

Workforce & Career Intelligence Systems

Zero-hallucination skill translation tools and workforce portals for talent management.

DIFFERENTIATORS

Fintech & Mission-Critical Rigor · Deterministic Architecture · Single Point of Accountability
